

MCCS CONTACT SHEET

Each of us has a responsibility to resolve conflicts. The simplest and most effective method is the information resolution system. This system resolves conflicts in the workplace at the lowest possible level. This is an individual responsibility and it is expected that each employee in MCCS is committed to resolve concerns and issues at the lowest possible level. When this is not possible or the system doesn't seem to be working the following are a few ways to make your voice heard. Please remember to keep your supervisor informed of any contact you want to make with the Directory, Deputy Director, or one of the Division Heads.
